**WING STAFF COMMITTEE MINUTES
Wing Headquarters
10 December 2007
1800-1830 hours**

Meeting was called to order by the Chief of Staff at 1800 hours. The following staff members were in attendance: Gilbert, Henninger, Betzold, Hawkins, Killian, Sharp, Smith, Pauly, Parmiter, Maddison, Bryan, Wingfield, & Wood.

A safety briefing was conducted by Keith Maddison, Director of Safety, pursuant to the National Safety Stand Down Day program. He discussed cold weather flying hazards and winter driving safety tips.

The Chief asked for any "Hot Wash" that members wanted to bring to the attention of the staff. With the exception of an ELT mission at Lonoke the previous Saturday, the Wing has not had any other missions during the month.

Counter Drug Operations – Red Smith told the Staff that members can access on line their CD status. A quick review showed that 45 members have been suspended because of failure to maintain their files. He urged members to check their files and update their records periodically.

Open Items – The Chief is still trying to close out the 2006 CI finding, one is an aerospace education report. Only 4 items are still open.

Briefing on upcoming missions – Just received \$16,000 in training funds for this FY. Basically, it is the same level as last year when factoring in centralized maintenance costs. Will have 2 tabletop SAREXs in February and March. Members are urged to send date requests in so that we can get the best dates for as many members as possible.

Still in the process of planning for low level flight surveys for the USAF. Estimate we will have \$3000.00 available for the missions, still on the horizon. Will attempt to spread it out to all Squadrons.
